

DYNAMIC, INNOVATIVE & PERSONAL

ISSUE 12 | TERM 3 | WEEK 8

Cultural Exchange Program

2/3 R have made some new friends from Woy Woy South Public School. They traveled down to the Central Coast to experience a school that is very different to ours in both size and cultural diversity.

Woy Woy South allowed us to experience a day at their school, find out about each other, do gardening, be entertained and play sport.

We are all looking forward to Woy Woy South coming to visit with us in Term 4 and are starting to plan what great Islington experiences we can share with them.

Small Schools Athletics Carnival

It is that time of the year again, where we pack into the bus and go out to compete against small schools from across Newcastle and Lake Macquarie.

We would appreciate the support of parents and community at this event to help cheer on our students.

Science at School

Last week our senior students participated in the Engineering Challenge held at Kahibah. This day was enjoyed by staff and students.

This week 2-3R will be exploring Science in the home with Newcastle University. We are looking forward to the stories that parents return with as students show their families some of the experiments they can perform at home.

Kindy has been lovingly planting our gardens and this week learnt from Will how to take special care of them. Next week KW and 1L will visit the local Fig Tree Community Garden to explore an established garden.

GOT IT! Tip Of The Week

Praise your children for trying and not for being perfect.

Try to help your child focus on their effort in giving things

a go and not necessarily for the outcome of their efforts

Cluster Choir 2013

Thank you to Mr Jonathan Lumley who went above and beyond with our school's Cluster Choir. Thank you to the parents and community who came along to support our wonderful students. It was a great success. Congratulations to all students involved!
